Creating an Apple ID Using the Apple ID Web link

Welcome

An Apple ID is the login you use for just about everything you do with Apple, including using iCloud to store your content, downloading apps from the App Store, and buying songs, movies, and TV shows from the iTunes Store.

November 2014

The need for an Apple ID

An Apple ID is a username you can use for everything you do with Apple and you can use it to create your iTunes account. An Apple ID allows you to shop the iTunes Store, purchase apps and music, log in to FaceTime or iCloud, buy from the Apple Online Store, access Apple.com support, and more.

As you are predominantly using your iPad for school / educational at school, it is recommended an Apple ID is made for the student with parent support. You may want to make a new Apple ID that is based on your school email and username.

Or you may want to use an existing Apple ID that your son already has.

Note: If at any point you have any questions about Apple ID please don't hesitate to contact St. Patrick's IT Support staff.

If you come across difficulties with the sign up / login process click on this link

How to create an Apple ID using the My Apple ID Web Link

Step 1: On your iPad/laptop/home computer click on this link and begin to create an Apple ID.

https://appleid.apple.com/account?localang=en_US

Step 2: Enter your name.

Create an Apple ID.

Name

Please enter your full name.

First Name

Middle Name

Last Name

Step 3: Choose an Apple ID and password. Note what is required for your password in the popup below.

Apple ID and Password

Enter your primary email address as your Apple ID. This will be used as the contact email address for your account.

Apple ID

Password

Confirm Password

Security Questions

Select three security questions that your identity should you forget your

Security Question

Answer

Security Question

Password must:

- Have at least one lower case character
- Have at least one capital letter
- Have at least one number
- Not contain multiple identical consecutive characters
- Not be the same as the account name
- Be at least 8 characters
- Not be a common password

Step 4: Complete Security Questions. Please take note of the questions and the answers you give. It is a good idea to take a screenshot and save this somewhere safe.

Security Questions

Select three security questions below. These questions will help us verify your identity should you forget your password.

Security Question	<input type="text" value="Please select"/>
Answer	<input type="text"/>
Security Question	<input type="text" value="Please select"/>
Answer	<input type="text"/>
Security Question	<input type="text" value="Please select"/>
Answer	<input type="text"/>

Step 5: Enter Date of Birth

Date of Birth

Combined with your security question, this will help us verify your identity if you forget your password or need to reset it.

<input type="text" value="Month"/>	<input type="text" value="Day"/>	<input type="text" value="Year"/>
------------------------------------	----------------------------------	-----------------------------------

Step 6: Enter a Rescue email address

Rescue Email Address

Give us a rescue email address where we can send you a link to confirm your identity and let you reset your information should any security issues arise. This address is only for communicating information about your security details. We won't send any other types of messages to this address.

Rescue Email Address	<input type="text" value="Optional"/>
----------------------	---------------------------------------

Step 7: Enter your address and preferred language.

Mailing Address

Please enter your mailing address.

Country/Region	<input type="text" value="United States"/>
Company/Institution	<input type="text" value="Optional"/>
Address Line 1	<input type="text"/>
Address Line 2	<input type="text" value="Optional"/>
Town/City	<input type="text"/>
State/Province	<input type="text" value="Please select"/>
Zip Code	<input type="text"/>

Preferred Language

Preferred Language	<input type="text" value="English (US) - English (US)"/>
--------------------	--

Step 8: Tick you email preference for Apple to communicate with you. Uncheck both boxes if you prefer.

Email Preference

Stay up to date with Apple news, software updates, and the latest information about products and services from Apple. Please note: Email messages appear in the official language(s) of your country of residence. [Read the Apple Customer Privacy Policy](#)

Apple News and Announcements

Keep me up to date with Apple news, software updates, and the latest information on products and services.

New on iTunes and Other iTunes Offers

Every week, iTunes adds the latest new releases for music, apps, movies, TV, books, podcasts, and much more — plus exclusive content you'll only find on iTunes. Sign up for New On iTunes and other iTunes offers.

Step 9: Type in the characters and click *Create Apple ID*

Please type the characters you see in the image below.

Letters are not case sensitive.

Step 10: Verifying your Apple ID

Open and check your email account you linked to this Apple ID. Click on the 'Verify Now' link.

Dear Mark Holland,

You've entered mholland@stpats.vic.edu.au as the contact email address for your Apple ID. To complete the process, we just need to verify that this email address belongs to you. Simply click the link below and sign in using your Apple ID and password.

[Verify Now >](#)

Wondering why you got this email?

It's sent when someone adds or changes a contact email address for an Apple ID account. If you didn't do this, don't worry. Your email address cannot be used as a contact address for an Apple ID without your verification.

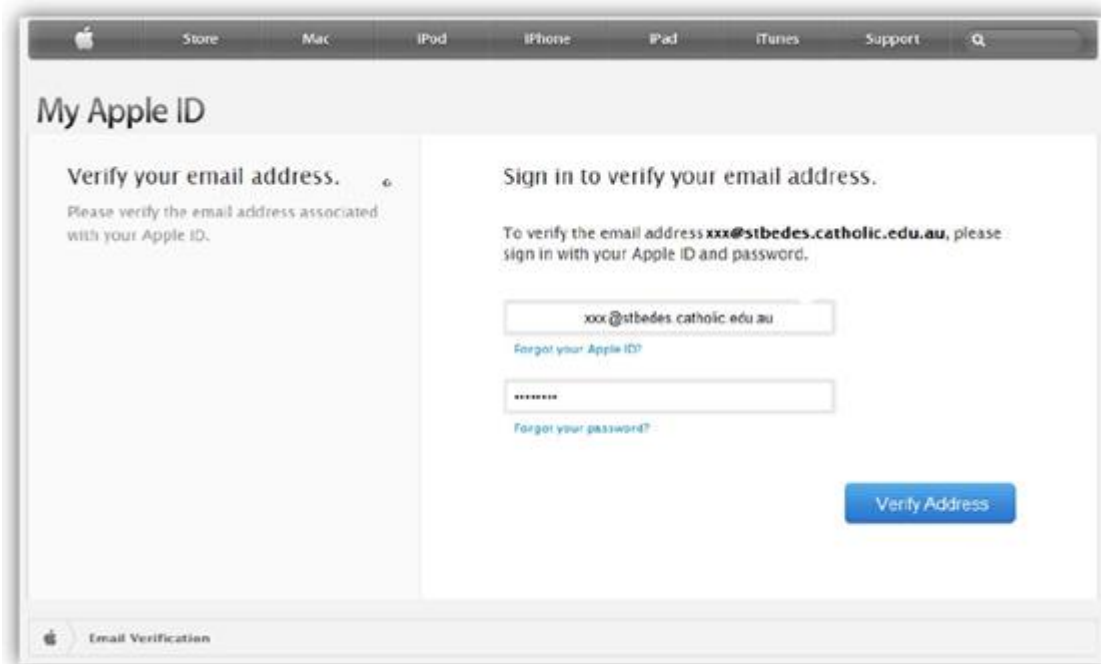

xxxx@stpats.vic.edu.au

xxxx@stpats.vic.edu.au

For more information, see our [frequently asked questions](#).

Thanks,
Apple Customer Support

Step 11: Sign in to your Apple ID account to complete the process.

Congratulations, you now have an Apple ID!
