

## Checking Age Rating of an App

1. To check the age rating of an app go to [www.google.com](http://www.google.com) and type in the name of the app and add "for ipad" in the search. E.g., "angry birds for ipad"

2. Click on the <http://itunes.apple.com/au...> Reference in the results list
3. The iTunes Preview of the app should appear as below.

4. In the information on the app you will find the age rating

Store Mac iPod iPhone

# iTunes Preview
